

7 April 2011

Dear Parents /Carers

I am pleased to announce the arrival of Master classes.

Master classes are our initiative to support individual students in maximising their progress in Mathematics and English.

Students of all ages and ability are able to take part. They can be nominated by teachers, departments, or put themselves forward. Targets will be set for the student, followed by a period of tuition which lasts six weeks. This is exactly the type of tuition which many parents and carers pay for; this will be provided directly by the school.

The tuition will be lead by one of a team of experienced teachers/ qualified tutors; the student will usually work with a small group of students with similar targets.

When your child is selected for a Master class they will be presented with a booklet to help them track their progress. You will be able to see how they are progressing through the process and how they meet their final assessment.

If you would like any more information please do not hesitate to contact me Miss Summerfield at the academy.

Yours faithfully

Miss S. Richards  
**Assistant Principal**
